TURKEY MARKET ON.

The local turkey slaughtering season is now on and hundreds of women and men are busily engaged at the slaughtering pens of C. S. Brent & Bro., and Leon Renaker & Co., killing, picking and dressing the birds for the Thanksgiving markets. The birds are being brought to market in large numbers in motor trucks and other conveyances. Most of the dressed product will go to the Eastern markets. Thirty cents per pound on foot, delivered at the pens in Paris, is being paid, said to be the highest price ever paid here.

PARIS HIGH SCHOOL DEFEATS STATE NORMAL.

In the game of football on Wright Field, near Paris, Friday afternoon, between Paris High School and the State Normal School teams, the former team came out victorious over their opponents by the score of 40 to 0. The game was featured by a number of good plays by members of both teams. This was the last game to be played on the home grounds by the local team. Games are being arranged for several out-of-town dates.

THE LATEST FIRST FROST.

The first real frost of this fall came last Tuesday night, November 4, which is probably the latest ever known in this section for the first frost. Fifty years from now the old inhabitants will be telling about the unusually late fall of 1919 when the first frost came on the night of the election, November 4, and that on that day many people were eating tomatoes, late corn, beans and other vegetables fresh from the garden.

Of course this has no bearing on the "frost" which nipped the buds of Democratic hopes on the night of Tuesday, November 4. That was probably a "Black frost."

WONDERFUL.

We have left over from last season a lot of men's overcoats, which we offer to the public at the old price, \$20, \$25 and \$30, actually worth \$40, \$50 and \$60. These coats are strictly all-wool and made by the best clothing manufacturers in the county, most of them being made by Adler, and on the basis of present costs we would be compelled to ask double the price we are asking. However, it has always been our policy to sell our goods on the basis of which we bought them. These coats are all in plain models and very suitable for the older men.

P. S.—For those preferring the newest and latest styles, we have a very complete stock of this season's overcoats in waist seam models, belted backs and belts all around.
